

MAYURESH KAKADE

Technical Lead - Fullstack

📞 (+91) 9588459138 @ mckakade@outlook.com 🌐 <https://mayuresh.vercel.app/> 🌐 <https://www.linkedin.com/in/mayuresh-kakade-ba4658125/>
📍 Pune, India

SUMMARY

Dynamic Software Engineer with more than 7 years of expertise in crafting web applications and backend systems. Proficient in producing clean, efficient code conducive to streamlined maintenance and troubleshooting. Proven track record of collaborating within diverse team settings across various projects.

PROFESSIONAL EXPERIENCE

Technical Lead

Bridgenext Inc (Logistics)

📅 02/2024 - Present 📍 Pune, India

- Improved **React** app performance by implementing **Apollo GraphQL** client-side caching, removing reliance on Redux store across 3 major modules.
- Implemented an event-driven solution for uploading and processing up to 1 million records using **NestJS**, **Kafka** and **MongoDB**.
- Increased user reach by approximately 5% by incorporating **accessibility** features into 10 custom **React** UI components.
- Reduced code duplication by **30%** by migrating Node.js-Express service to **NestJS** with **Nx**, enhancing maintainability of 5 microservices.
- Transformed a REST-based service to **GraphQL**, leveraging **Apollo Federation** to decrease overall latency by **10%**.
- Collaborate with cross-functional teams to gather requirements, architect scalable **event-driven** systems, and deliver high-quality products within deadlines.
- Led and mentored team members, promoting best practices, coding standards, and continuous learning.

Senior Software Development Engineer

Bridgenext Inc (Logistics)

📅 07/2021 - 02/2024 📍 Pune, India

- Implemented reusable UI components utilized by three distinct teams, resulting in a 50% reduction in development effort (**React**, **Typescript** and **Emotion**).
- Developed compelling UI forms with robust validations using the **Formik** library, while ensuring comprehensive quality assurance and excellent code coverage through **SonarQube**, alongside end-to-end testing with **Cypress**.
- Implemented a component-based **responsive** UI with extensive use of **custom hooks in React**, utilizing **Zeplin** designs provided by the design team.
- Integrated **New Relic** logging, alerting, and monitoring dashboard to proactively identify errors and support development efforts.

Software Engineer

Cybage Software Pvt. Ltd (Healthcare)

📅 06/2018 - 07/2021 📍 Pune, India

- Reduced the average read latency by 85% by transitioning the Windows-Form based application into a Modern Web-based SaaS application (**ReactJS(16.x)**, **.NET Core API 2.2**).
- Engineered captivating UI dashboard and widgets (**Recharts**) to showcase financial data insights of **240 healthcare institutes**.
- Improved the client user-experience to effortlessly analyze the financial healthcare data using a sleek dashboard (**Material UI V4**).
- Attenuated the security threats by successfully implementing enhancements using Secrets Management System. (**REST API & MS SQL Server**).
- Efficiently streamlined the backend pipeline using **ETL** operations (**MS SQL Server**).

EDUCATION

B.E, Computer Science

MIT College of Engineering

📅 2014 - 2018

SKILLS

React	JavaScript	GraphQL	TypeScript	NestJS	Node.js	Kafka	SQL	Next.js	CSS	HTML	Tailwind
Web Development	Framer Motion	Git	Material UI	ShadCN	Nx	TypeORM	Argo CD	Microservices	MongoDB		

SIDE PROJECTS

Photography Portfolio

📅 06/2025 - 08/2025

🌐 <https://github.com/mayureshkakade/photography-portfolio>

Built a Photography Portfolio Website using **Next.js 13** and **Bootstrap**, featuring ISR, SSG, SSR and CI/CD with **Vercel** via GitHub actions.

Chat Application

📅 02/2020 - 04/2020

🌐 <https://gitlab.com/virtualghostmck/chat-app>

A web-based chat application similar to Slack, created with **ReactJS**, **Material UI** and **Firebase**. Users can create channels, engage in discussions, and exchange text messages and images.

KEY ACHIEVEMENTS

💎 **IT Department Top Ranker at MIT, Pune in 2014**
Honoured with the award for securing the highest percentage in IT department.

💎 **Excellence Award at Bridgenext**
Honoured with the award as recognition to valuable contributions to the organization; given to top ~1% employees.
